

67% of African American residents support laws that ban the sale of flavored tobacco.

Flavored tobacco includes mentholated cigarettes, candy flavored little cigars and cigarillos and electronic smoking devices and liquids.

The SOL Project: Saving Our Legacy, African Americans for Smoke-Free Safe Places advocates for safe, smoke-free, healthy communities and is a project of Heluna Health, Inc., funded by the California Department of Public Health, under contract #15-10240. www.theSOLproject.com
